Fabric: Flintlock Brown Betsy Ross Linen 10ct (#56-154) or 16ct (#55-154)

Stitched size on 10ct 7" w x 7-1/2" h. This will allow 2" to be turned over for hem. Center design on width of fabric. Press on wrong side of embroidery when completed. Lay face down on right side of backing fabric, stitching right sides together on sides and bottom. Turn to outside. (Bag may be lined if desired). Fasten sturdy cording, self fabric, or wide grograin ribbon at side seams for handles.

When cross stitching on 10ct stitch over **one**. To make a *bigger* bag (holds more treats!) stitch over **two** on 16ct.

Use 4 strands of DMC floss for all cross stitches.

Use one strand Kreinik Glow-in-the-dark #16 braid for the words. Shine a light on the threads, turn out the light and watch it glow! The words can be stitched with DMC floss if desired.

Start stitching four inches from top. This will allow 2" to be turned over for hem. Center design on width of fabric. Press on wrong side of embroidery when completed. Lay face down on right side of backing fabric, stitching right sides together on sides and bottom. Turn to outside. (Bag may be lined if desired). Fasten sturdy cording, self fabric, or wide grograin ribbon at side seams for handles.
